An act to amend Section 11344.1 of the Government Code, relating to administrative procedures.

**LEGISLATIVE COUNSEL'S DIGEST**

SB 514, as introduced, Anderson. California Regulatory Notice Register.

Existing law governs the procedure for the adoption, amendment, or repeal of regulations by state agencies and for the review of those regulatory actions by the Office of Administrative Law. Existing law requires the office to provide for the publication of the California Regulatory Notice Register and to include specified information in the register, including notices of proposed action prepared by regulatory agencies, a summary of regulations filed with the Secretary of State, and a summary of regulation decisions issued, as specified.

This bill would make technical, nonsubstantive changes to that law.

State-mandated local program: no.
